

Resort to Resort

Attention all Owners in the Rental Program

Only Resort to Resort can turn your vacation home into 200 properties at 55 resort locations!

If you are unaware of what Resort to Resort has to offer to you as an owner then you should read on!

Resort to Resort is an exclusive Homeowner Exchange program. It allows our homeowners to expand their vacation possibilities. To be eligible, a Resort Home Owner must own at an affiliated Resort to Resort Intrawest project and secure the professional property management services of a Resort to Resort affiliated Property Manager.

Explore these destinations and more at www.resort2resort.com Tell them where and when you want to travel and let them do the work. R2R Exchange Consultants will advise you of every detail of your resort home and location. To become a member contact Resort to Resort at 1-800-955-2690 or info@resort2resort.com

To renew your Membership, please email info@resort2resort.com
After you become a member you deposit your resort home, which makes it available to other Resort to Resort members. Exchanges are made by matching Deposits with Requests.

Deposits

In order to begin using your Membership, simply "assign" usage of your resort home to Resort to Resort for a specific period of time. This assignment of usage is called a "Deposit" and earns you the right to travel within the Resort to Resort network. Deposits must be made in 5 or 7 night increments. 5-night deposits generally begin on a Sunday night. 7-night deposits generally begin on a Sunday or a Friday night.

To determine which periods you may deposit, simply contact Member Services. Once usage of a Resort Home has been deposited with Resort to Resort, the deposited period of occupancy is made available to other Members. You can generally deposit a period of owner usage not less than 6 months but no more than 24 months prior to the commencement date of your period of owner usage. To make a Deposit please call Member Services.

Earning Resort Credits

You earn Resort Credits each time you make a Deposit. The number of Resort Credits you earn depends on four factors: Demand for the resort at which you own, the size of your resort home, the season in which you make your Deposit, the length of the Deposit. *Resort Credits are valid for 24 months after the date they are deposited into your Member account*, and may be used to reserve any accommodation available for occupancy within that 24-month period, whether it's a luxury townhome in Whistler or a condominium in the spectacular beach and golf resort of Sandestin.

Making a Vacation Request

Now that you have earned Resort Credits for your dream vacation, you may request accommodation in any of the resorts included in the Resort to Resort network. Members may request 5- or 7-night vacations. Remember, 5-night vacations begin on a Sunday, and 7-night vacations begin on either Friday or Sunday. If another Member has already deposited the inventory you are requesting and it has not already been reserved, your request may be confirmed right away. Otherwise, Resort to Resort will immediately begin searching for a Member who is willing to deposit their resort home during the period that matches your request. Once a match has been found for your request, Member Services will confirm your reservation.

Resort to Resort Fees:

Housekeeping- You are responsible for the one time cleaning on check-out for the time you deposit to Resort to Resort. When you travel to other resorts the owner of the property you stay at will be responsible for your housecleaning.

Reservation Fee: When you confirm a reservation there is a reservation fee of \$275 USD. This is only charged after they find the accommodations you request and confirm your reservation. *(This fee is subject to change.)*
