

## **WHISTLER BLACKCOMB**

### **It's Wildflower Season at Whistler Blackcomb!**

While you're out for a hike on Whistler or Blackcomb Mountain this summer, you might just come across a colourful treat. Wildflowers begin to bloom after the thaw, decorating the alpine landscape with almost every colour of the rainbow.

#### **Where have wildflowers been sighted? What's the best way to guarantee a sighting?**

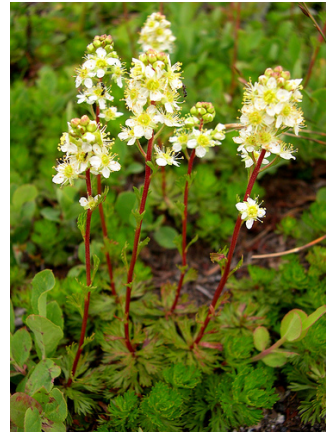

- High Note Trail
  - Paleface Trail
  - Harmony Lake Trails
  - Blackcomb Lake
- Take a complimentary Mountain Host Tour departing daily at 11:30am from the top of the Whistler Village Gondola. Or simply ask a friendly Mountain Host for advice.
  - Get up there soon! The flowers are out for a limited time!

#### **What varieties of flowers have been spotted?**
