

WHISTLER BLACKCOMB

## Schools on Dirt

# Notice of Responsibility for Group Leaders

---

As an organizer you play a crucial role in bringing students up to Whistler Blackcomb for a mountain experience. There are a couple of points we need you to consider before booking and running your trip.

1. Make students aware that Mountain Biking involves inherent risks. Injury can be a common occurrence. All students must have ridden a bike before and be confident doing so on a flat surface to take part in the program. Please make sure that students and their parents have **read and signed** both the lift ticket & rental waiver before their trip day.
2. Deliver the signed waivers to Whistler/Blackcomb upon arrival. Any student without both signed waivers **will not** be permitted to participate in the program.
3. All the information on the rental sheet must be as accurate as possible in order for the Mountain Bike to be adjusted accordingly.
4. Use the trip sheet supplied in the Organizer kit or on the Internet to **email** your rental information at least 2 weeks before your trip date. **Email** any changes on the same set of forms 3 days before your trip, these will be the forms we use when processing your trip. Send all information to **wbschools@intrawest.com**.
5. Organize students outside of the Whistler Gondola rental shop to distribute lift tickets & lunch vouchers. All students must be in possession of a lift ticket in order to access Whistler/Blackcomb terrain.
6. Ensure that all students not renting bikes are outfitted with all the appropriate safety equipment: gloves, arm & leg armour, and a full-face helmet.
7. Bring a support vehicle in the unfortunate circumstance of an accident, so that all students do not have to wait if the student needs to stay at the medical clinic past your scheduled departure time.
8. Ensure that you have enough chaperones available, so that you can provide supervision to any students who, for whatever reason cannot ride with their group for the full day.
9. Make sure that all the students who came with you leave with you.
10. Should you cancel within 72 hours or less of your arrival date, a cancellation fee will be charged to your school.
11. Provide payment for the Schools on Dirt Session prior to leaving Whistler/Blackcomb unless previous arrangements have been made with the Youth Business Developers.
